We allow bands to stay in the apartment overnight if they do not have other accommodations arranged. There is a \$100 fee that pays for additional utilities, cleaning supplies, toiletries, and someone to clean up. The stay must be approved by the venue.

Amenities:

- 2,200 square foot band apartment space

THE GREEN ROOM

Overnight policies:

- While staying, do not allow any guests or strangers to stay with you. We **strictly forbid** this. Band and crew only!
- Once the venue and bar staff are gone, you will be locked in upstairs. You will have access to the upstairs patio. You will be able to exit out of the door to the street downstairs and it will lock behind you. If someone needs to get something out of the van or run an errand, you will need to use the buddy system and have someone let you back in. Under no circumstances are you to prop this door open. This is a major safety issue and compromises not only the venue but any of your gear you may be storing inside the venue.
- Check out is at 11am. This is strict so that we may get the space cleaned up and ready before the next band loads in.
- NO SMOKING of any kind inside of the building. All fire and plant combustion must take place on the patio upstairs.
- Please, do not steal anything.
- Please pick up after yourself as best you can.
